**Welcomes
Volunteers!**

The Berrien County Historical Association operates the History Center at Courthouse Square and collects, preserves, and interprets the history of Berrien County through exhibits, tours, publications, research, and educational and community outreach programs.

The History Center at Courthouse Square is the oldest surviving county government complex in the Midwest. The square includes the 1839 Courthouse, the Sheriff's Residence, Jail Plaza, the County Record's Building, Murdock Log House, and Bennett's Forge.

The History Center at Courthouse Square is always looking for volunteers to assist with various areas of our operation.

Our needs include assistance with special clerical projects, museum store assistant, general indoor and outdoor maintenance, and staffing of on and off-site exhibits and events.
